## Prolink series 6

Our new Prolink series 6 was specially developed for applications in the food industry.

Prolink series 6 types are perfect in hygiene sensitive areas when dealing with meat, fish or poultry. They guarantee efficient cleaning cycles and lasting cleanliness.

As a standard all of Prolink series 6 are supplied as HACCP types.

	Materials	Colours	Permeability [%]	C <sub>1</sub> max. [N/mm]*
LM 50/0 S6	POM PE	B/W B/W	0 0	30/36 20
LM 50/0 NT S6	POM PE	B/W B/W	0 0	30/36 20
LM 50/0 CT S6	POM PE	B/W B/W	0 0	30/36 20
PM 50/0 S6	POM PE	B/W B/W	0 0	30/36 20

<b>Width increments</b>	100, 200, 400 mm
<b>Hinge pins</b>	Hinge pins can be supplied in plastic or stainless steel
<b>Sprockets</b>	6, 8, 10, 12 teeth per sprocket possible, open gear ring so axial area easy to rinse, special sprockets for drum motors available, rubber finish for drum motors available (Ø 113 mm)
<b>Profiles</b>	50, 100, 150, 200 mm height
<b>Side guards</b>	25, 50, 75, 100 mm height

\* depends on hinge pin

NT	Nub Top	POM	Polyacetal	B	Blue
CT	Cone Top	PE	Polyethylene	W	White
