

Move it with Forbo.

Bon voyage! And travel with confidence: Siegling Transilon baggage conveyor belts make sure that your luggage arrives safely.

From the check-in counter right up to the loading hatch: Belting technology made by Forbo Movement Systems reliably conveys every piece of luggage to its destination. Quickly, carefully and economically, too! Regardless of whether it's linear or inclined transport, a curve or accumulation belt — we can provide the ideal belt for any application. And flame resistant SE belts meet the most stringent safety requirements. Place your trust in our experience and our global presence in the implementation of international airport projects. Simply the better solution: Siegling Transilon baggage conveyor belts. **As safe as they are economical.**
